

Certified in Security Supervision & Management – CSSM

Internationally Recognized Certification

Overview

Unique and flexible, the Certified in Security Supervision and Management (CSSM) Program is designed to meet the needs of the security supervisor or manager. Candidates accepted into the program must have at least 6 months security experience or equivalent. The program is suitable for candidates who wish to advance their career in security to seek managerial positions. The course is the result of an alliance between IFPO, and more than 50 of the industry's leading security professionals around the world.

Intended Audience

The course is intended for the security professional who wish to take the path of becoming future security leader. It is also an excellent choice for upper level undergraduate and graduates in Security Management, Homeland Security and similar disciplines.
